ULTRASPERSE G7RU274 PHTHALO GREEN (PG-7) DISPERSION

G7RU274 Phthalo Green is a finely ground dispersion developed to maximize gloss and transparency in the final product let down. It is compatible with most acrylics and water vehicles and is designed for use in formulating flexographic and rotogravure printing inks requiring high pigmentation levels. This dispersion exhibits a high degree of transparency, brightness, tinting strength, color purity and permanency to light in both masstone and tint, all typical characteristics of the phthalocyanine pigment class.

Other major uses are for paints, artists colors, textile printing and other colorant applications.

Generic Name:	CI Pigment Green 7
Constitution Number:	CI 74260
Common Name:	Phthalo Green
CAS#:	1328-53-6
Resin Type:	Acrylic
Dispersing Agent:	Anionic / Nonionic
Percent Pigment:	46%
pH:	8.8 - 9.5
Total Solids:	56.49 ±2%
VOC:	1.00%typical
Specific Gravity:	1.35 +/-5%
Weight per gallon:	11.23 lb/Gallon

DISCLAIMER: SELLER MAKES NO WARRANTY, EXPRESS OR IMPLIED, CONCERNING THE PRODUCT OR THE MERCHANTABILITY OR FITNESS THEREOF FOR ANY PURPOSE, except that the product shall conform to contracted specifications, and that the product does not infringe any valid United States patent. Buyer must assume responsibility for the determination of the suitability of the product for uses and applications contemplated by the Buyer or any applications or use of the buyer's customer. Buyer's exclusive remedy shall be for damages and no claim of any kind, whether based on contract, breach of warranty, negligence or otherwise, shall be greater in amount than the purchase price of the quantity of the product in respect of which damages are claimed. In no event shall Seller be liable for incidental or consequential damages, whether Buyer's claim is based on contract, breach of warranty, negligence or otherwise.
